| Fri                    | <b>Glass Scraps Ceramic Scraps</b> | <p>Use clear palastic bags</p> <p>Broken glasses/ Ceramic plates, cups/ Flower vases/ Light bulbs, etc.</p>  | <ul style="list-style-type: none"> <li>Fluorescent tube/bulb and mercury thermometer are not acceptable. Mercury thermometers are hazardous waste. It is not glass.</li> <li>Unbroken glass bottles are recyclables. Dispose it as Recyclable Items.</li> </ul> |   |

**[Note]** ●Never bring in the bulky garbage.  
 ●Please observe the day of the week and time of garbage drop off. Available hours: 6:00 p.m. on the previous day to 8:00 a.m. on the collection day.  
 ●Please make sure to write your **ward name and full name** on the designated garbage bag. Bags without names will not be collected.

### Subsidy For Garbage Composting Device

The composted waste can be used various types of gardening.

- ①Wooden Crate Compost / Plastic Bucket Compost    ②Home Electric Food Scrap Processor    ③Disposal Machine  
**[Amount]** Up to 2/3 of the purchase price with a maximum of 40,000yen

The composted waste can be used various types of gardening.

If you cannot utilize the composted waste, there are also dry processors available. Thy dry type can reduce the amount of food waste to about 1/7 to 1/10 thus reducing the amount of burnable waste.

### Opening Dates of Matsukawa Bulky Waste and Recycling Station In FY2023

Matsukawa Bulky Waste and Recycling Station Open on April to November  
For opening dates, please check Hakuba Village Official Website/ Collection Calendar  
For More Details

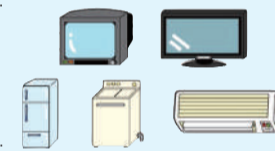

#### Usage notes

- In addition to recyclables (e.g. newspapers, magazines, cardboard, plastic containers and packaging), you can also bring in dry cell batteries and fluorescent bulbs free of charge.
- Make sure to separate what you bring in. If they are not separated, they will be charged as mixed waste.
- Consider loading the car so that the 4 home appliances can be unloaded first.
- Industrial waste (e.g. construction waste) and hazardous materials (e.g. gas cylinders, waste oil, pesticides) are not allowed.
- When transporting them by car, tie them up tightly so they do not fall onto the road..
- Please note that the site may be crowded between 9am and 10am.
- Never take the above items to ward/district collection station or small sized stations.

### Home Appliances 4 Items

TVs, fridges/freezers, washing machines/clothes dryers and air-conditioners are subject to the Home Appliance Recycling Act, which requires the emitter to pay a recycling fee. Be sure to dispose of them in the following way.

- Handover to the retailer from whom the qualifying equipment was purchased.
- If the equipment is to be replaced by new eligible equipment, hand over the old equipment to the dealer.
- If the dealer where you purchased the item is not available or is unknown, bring the item to the bulky waste/recyclables collection site at Matsukawa river. (Charged)
- Request collection from the following company.  
[Kazama Co., Ltd. ☎0261-72-4591] ※Collection and transport charges apply.

#### Recycling fees (fees vary by manufacturer, but are generally as follows)

| Item   | Disposal Fee | Details       |                            |
|--|--------------|---------------|----------------------------|
|  |              | recycling fee | transportation and storage |
| TVs (all types, 15-inch or smaller)                            | ¥4,620       | ¥1,870        | ¥2,750                     |
| TVs (all types, 16-inch or larger)                             | ¥5,720       | ¥2,970        | ¥2,750                     |
| Refrigerators and freezers (less than 170 liters of contents). | ¥6,490       | ¥3,740        | ¥2,750                     |
| Refrigerator and freezer (over 171 liters of contents).        | ¥7,480       | ¥4,730        | ¥2,750                     |
| Washing machine, Clothes dryer                                 | ¥5,280       | ¥2,530        | ¥2,750                     |
| Air-conditioner  | ¥3,740       | ¥990          | ¥2,750                     |

### Other items

| Item  | Freon gas filling volume | Processing fee |
|---|--------------------------|----------------|
| Professional refrigerators, Freezers, Air conditioners and Vending machines | Less than 3 kg           | ¥16,500        |

※If the amount of chlorofluorocarbon gas filling is more than 3kg, please consult with a waste disposal company directly.

## Other Notes

### Small home appliances (Recycled items)

| Category                         | Item (Example)  |
|----------------------------------|---|
| Communication device             | Telephone, Mobile Phone, PHS terminal, Fax Machine                                  |
| AV devices                       | Camera, Video Camera, Radio, DVD recorder, Stereo set                               |
| PCs and Peripherals              | PC, Printer, Keyboard, Mouse, Memory card, etc.                                     |
| Car supplies (Electronics)       | ETC units, Car Navigation system, Car stereo equipment                              |
| Hobby Electrical Appliances      | Video game console, Portable game console, Controller, Electric musical instruments |
| Home Appliances                  | Vacuum cleaner, Air purifier, Lighting fixtures(including LED bulb), Fan heater     |
| Home medical equipment           | Hearing aid, E-Thermometer, E-blood pressure cuff, E-massagers                      |
| Cooking appliances               | Microwave oven, Rice cooker, Electric pot, Toaster                                  |
| Beauty and other home appliances | Iron, Electric razor, Hair dryer, Power tool  |

Please note that collection at Hakuba Recycle Center is free of charge, and collection at Matsukawa Bulky Waste Station is for a fee.

- Remove the batteries, including the internal battery.
- Please bring the supplied remote control and AC adapter at the same time.
- Electric carpets, electric blankets, reflective oil heaters, gas ranges, and wash toilet seats are bulky waste.

#### Illegal dumping and open-air burning are banned by law!

If found, please report them to the Hakuba Village Office or the police immediately

- Both the open-air incineration and illegal dumping are punishable by imprisonment for up to 5 years or a fine of up to JPY 10 million.
- For burning grass in the fields, take into consideration the weather and time of day so as not to disturb the neighbourhood.
- Do not leave dogs or other animal faeces unattended. It is the owner's responsibility to dispose of it.
- Do not leave cars and other vehicles unattended.
